

**AUDIO/VISUAL
INSTALLATION**

High-End Audio/Visual Design and Installation. From One of Chicago's Most Trusted Commercial Electrical Firms.

As part of our comprehensive suite of electrical construction offerings, Gibson Electric specializes in the installation and design of audio systems, video systems, kiosks, digital signage for offices, board rooms, meeting/huddle rooms, conference rooms, and video conferencing locations. We also focus on general office automation, as well as automation in stores, malls, and other large indoor and outdoor gathering spaces.

Impeccable Audio/Visual Installation Services. From Impeccably Trained Technicians.

Gibson Electric's audio/visual installation services include:

- > Installing all cabling, connectors, control, and audio/video equipment for conference and presentation rooms, video walls, paging, and sound masking systems, broadcast studios, etc.
- > Installing various equipment: microphones, sound speakers, video screens, video projectors, flat screen televisions and video monitors, recording equipment, etc.
- > Installing copper and fiber cabling to connect devices for AV control and connections.
- > Video and audio control systems

Gibson Electric's additional value-added services include:

- > Verify equipment is installed according to designated layout.
- > Test and resolve equipment issues.
- > Maintain inventory of equipment.
- > Accept deliveries and move racks

Safety that Beats the National Average

EMCOR's safety performance consistently remains strong year after year with a current Incident Rate that is 52-percent lower than our competitors (Source: Bureau of Labor Statistics Industry Average for Specialty Contractors NAICS 2382, 2022). For 15 consecutive years, our incident rate has been less than half the industry average.
