### **Certified Technicians. Cutting-Edge Technology. Superior Service.**

Gibson Electric is committed to offering professional services and a safe work environment. In order to fulfill this commitment, Gibson Electric hires qualified commercial electricians and supports them with industry-leading technology.

Both field and office staff are employed on an ongoing basis in order to encourage top performance, and Gibson Electric's field electricians undergo a thorough apprenticeship in order to develop hands-on industry experience.

### **Harnessing the Power of a Fortune 500® Leader.**

A Fortune 500® company, EMCOR Group, Inc. (NYSE: EME) is a leader in mechanical and electrical construction, industrial and energy infrastructure, and building services.

EMCOR specializes in planning, installing, operating, maintaining, and protecting the sophisticated and dynamic systems that create facility environments. This includes systems such as electrical, mechanical, lighting, air conditioning, heating, security, fire protection, and power generation.

With over 180 locations and approximately 38,000 skilled employees, EMCOR works in virtually every sector of the economy for a diverse range of businesses, organizations, and government agencies.

### **Safety that Beats the National Average**

EMCOR's safety performance consistently remains strong year after year with a current Incident Rate that is 52-percent lower than our competitors (Source: Bureau of Labor Statistics Industry Average for Specialty Contractors NAICS 2382, 2022). For 15 consecutive years, our incident rate has been less than half the industry average.
